

# MATERIAL SAFETY DATA SHEET

---

## 1. SUBSTANCE AND SOURCE IDENTIFICATION

---

National Institute of Standards and Technology  
Standard Reference Materials Program  
100 Bureau Drive, Stop 2300  
Gaithersburg, Maryland 20899-2300

SRM Number: 1069b  
MSDS Number: 1069b  
SRM Name: Sodium Cyclohexanebutyrate

Date of Issue: 14 September 2006

MSDS Coordinator: Mario J. Cellarosi  
Telephone: 301-975-6776  
FAX: 301-926-4751  
E-mail: SRMMSDS@nist.gov

Emergency Telephone ChemTrec:  
1-800-424-9300 (North America)  
+1-703-527-3887 (International)

**Description:** This Standard Reference Material (SRM) is primarily intended for use in preparing oil solutions with known concentrations of sodium. SRM 1069b is essentially free from other metals and has suitable properties for use with most lubricating oils or petroleum products. Each unit consists of 5 g of sodium cyclohexanebutyrate.

**Substance:** Sodium Cyclohexanebutyrate.

**Other Designations:** Cyclohexanebutanoic acid, sodium salt; sodium 4-cyclohexylbutyrate.

---

## 2. COMPOSITION AND INFORMATION ON HAZARDOUS INGREDIENTS

---

<b>Component:</b>	Sodium Cyclohexanebutyrate
<b>CAS Number:</b>	61886-29-1
<b>EC Number (EINECS):</b>	263-286-8
<b>Nominal Mass Fraction (%):</b>	100
<b>EC Classification:</b>	Xi (Irritant); not classified in Annex I of Directive 67/548/EEC
<b>EC Risk:</b>	R22 (harmful if swallowed) R36/37/38 (irritating to eyes, respiratory system and skin)
<b>EC Safety:</b>	S23 (do not breathe fumes) S24/25 (avoid contact with skin and eyes) S45 (in case of accident or illness, see doctor; show label)

---

## 3. HAZARDS IDENTIFICATION

---

**NFPA Ratings (Scale 0-4):** Health = 1      Fire = 0      Reactivity = 0

**Major Health Hazards:** This material may irritate the skin, eyes, respiratory tract, and GI tract.

**Physical Hazards:** None documented for this material. Dust-air mixture may explode at high temperature. Container may break.

### Potential Health Effects

<b>Inhalation:</b>	This material may be irritating to the lungs and mucous membranes.
<b>Skin Contact:</b>	This material may cause skin irritation, and may be absorbed through the skin.
<b>Eye Contact:</b>	This material may cause eye irritation.
<b>Ingestion:</b>	The toxicity of this material has not been fully investigated. Ingestion of this material may irritate the GI tract, causing abdominal pain, nausea, vomiting, and diarrhea.

**Medical Conditions Aggravated by Exposure:** As an irritant, this compound may aggravate disorders affecting the respiratory tract, skin, eyes, GI tract, or other target organs.

**Listed as a Carcinogen/ Potential Carcinogen:**

	Yes	No
In the National Toxicology Program (NTP) Report on Carcinogens	_____	<u>  X  </u>
In the International Agency for Research on Cancer (IARC) Monographs	_____	<u>  X  </u>
By the Occupational Safety and Health Administration (OSHA)	_____	<u>  X  </u>

---

## 4. FIRST AID MEASURES

---

**Inhalation:** Move the person to fresh air immediately. If not breathing, qualified medical personnel may start CPR or give oxygen if necessary. Get medical aid at once, and bring the container or label.

**Skin Contact:** Remove contaminated clothing and shoes. Flush affected skin with water for at least 15 minutes, then wash thoroughly with soap and water. If skin irritation persists, get medical aid and bring the container or label. Wash contaminated clothing before reusing.

**Eye Contact:** Remove contact lenses (if any). Do not allow victim to rub eyes or keep eyes closed. Flush eyes with large amounts of running water for at least 30 minutes, keeping eyelids open and raising lids to remove all chemical. Get medical aid at once, and bring the container or label.

**Ingestion:** Contact a poison control center immediately for instructions. Wash out mouth with water, but do not induce vomiting. Get medical aid at once, and bring the container or label.

---

## 5. FIRE FIGHTING MEASURES

---

**Fire and Explosion Hazards:** This material is not believed to be a significant fire hazard under normal conditions. Dust-air mixtures may explode if an ignition source is present. Products of thermal decomposition may be toxic.

**Extinguishing Media:** Use extinguishing media appropriate to the surrounding fire, such as water spray, carbon dioxide, dry chemical, or foam. Cool containers from maximum distance using water spray.

**Fire Fighting:** Avoid inhalation of material or combustion byproducts. Wear full protective clothing and NIOSH-approved self-contained breathing apparatus (SCBA).

**Flash Point (°C):** N/A

**Autoignition (°C):** N/A

**Lower Explosive Limit (LEL):** N/A

**Upper Explosive Limit (UEL):** N/A

**Flammability Class (OSHA):** N/A

**Products of Combustion:** Thermal decomposition may produce carbon oxides (CO, CO<sub>2</sub>) and sodium oxides.

---

## 6. ACCIDENTAL RELEASE MEASURES

---

**Occupational Release:** Isolate the spill area and remove any sources of ignition. Cleanup personnel must wear personal protective equipment ("Section 8"). Sweep up material and place in a suitable container for reclamation or disposal, using a method that does not generate dust. Provide ventilation.

**Disposal:** Refer to Section 13, "Disposal Considerations".

---

## 7. HANDLING AND STORAGE

---

**Storage:** Store this material in the original container at room temperature. Protect from moisture, heat, and physical damage, and isolate from incompatible materials.

**Safe Handling Precautions:** Wear a dust mask or respirator. Avoid contact or wash after handling.

---

## 8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

---

**Exposure Limits:** None established.

ACGIH TLV-TWA: None established.

OSHA TLV-TWA: None established.

UK WEL: None established.

**Ventilation:** Use local or general exhaust ventilation. Refer to the ACGIH document *Industrial Ventilation, a Manual of Recommended Practices*.

**Respirator:** If necessary, refer to the NIOSH document *Guide to the Selection and Use of Particulate Respirators Certified under 42 CFR 84* for selection and use of respirators certified by NIOSH.

**Eye Protection:** Use chemical safety goggles where dusting or splashing of solutions may occur. See OSHA standard (29 CFR 1910.133) or European Standard EN166. The employer should provide an emergency eye wash fountain and safety shower in the immediate work area.

**Personal Protection:** Wear appropriate gloves and protective clothing to prevent contact with skin.

---

## 9. PHYSICAL AND CHEMICAL PROPERTIES

---

**Component:** Sodium Cyclohexanebutyrate.

**Appearance and Odor:** White powder or crystals, odorless.

**Relative Molecular Weight:** 192.23

**Molecular Formula:** C<sub>10</sub>H<sub>17</sub>NaO<sub>2</sub>

**Density (g/cm<sup>3</sup>):** N/A

**Solvent Solubility:** Soluble in aromatic solvents and chlorinated solvents.

**Water Solubility:** Appreciable.

**Boiling Point (°C):** N/A

**Melting Point (°C):** N/A

---

## 10. STABILITY AND REACTIVITY

---

**Stability:**      X   Stable                   Unstable

Stable at normal temperature and pressure.

**Conditions to Avoid:** Heat or flame; dust generation; incompatible materials.

**Incompatible Materials:** Strong oxidizers.

**Fire/Explosion Information:** See "Section 5".

**Hazardous Decomposition:** Thermal decomposition may produce carbon oxides (CO, CO<sub>2</sub>) and sodium oxides.

**Hazardous Polymerization:**           Will Occur      X   Will Not Occur

---

## 11. TOXICOLOGICAL INFORMATION

---

**Route of Entry:**       X   Inhalation                        X   Skin                        X   Ingestion

**Toxicity Data:** Not available.

**Target Organ(s):** Respiratory tract, skin, eyes, GI tract.

**Mutagen/Teratogen:** This material is not known to be a mutagen, teratogen, or reproductive hazard, but its toxicity has not been fully investigated.

**Health Effects:** See "Section 3".

---

## 12. ECOLOGICAL INFORMATION

---

**Environmental Summary:** The environmental effect of this material has not been fully investigated. No relevant ecotoxicity data were found.

---

## 13. DISPOSAL CONSIDERATIONS

---

**Waste Disposal:** Dispose of container and unused contents in accordance with federal, state, and local requirements, which vary according to location.

---

## 14. TRANSPORTATION INFORMATION

---

**U.S. DOT and IATA:** Not Regulated.

---

## 15. REGULATORY INFORMATION

---

### U.S. REGULATIONS

CERCLA Sections 102a/103 (40 CFR 302.4): Not regulated.

SARA Title III Section 302: Not regulated.

SARA Title III Section 304: Not regulated.

SARA Title III Section 313: Not regulated.

OSHA Process Safety (29 CFR 1910.119): Not regulated.

SARA Title III Sections 311/312 Hazardous Categories (40 CFR 370.21):

ACUTE:                      Yes

CHRONIC:                      No

FIRE:                      No

REACTIVE:                      No

SUDDEN RELEASE:      No

### STATE REGULATIONS

California Proposition 65: Not regulated.

### CANADIAN REGULATIONS

WHMIS Classification: Not determined.

### EUROPEAN REGULATIONS

EU/EC Classification: Xi (Irritant); not classified in Annex I of Directive 67/548/EEC

### NATIONAL INVENTORY STATUS

U.S. Inventory (TSCA): Listed.

TSCA 12(b), Export Notification: Not listed.

---
